National Professional Qualification for Leading Teacher Development

The National Professional Qualifications (NPQs) are a group of widely recognised professional qualifications designed to meet the needs of education leaders in England. NPQs provide extensive training and support for current and aspiring leaders at all levels.

The NPQ for Middle Leadership has been replaced with three new Specialist qualifications: NPQ for Leading Teacher Development (NPQLTD), NPQ for Leading Behaviour and Culture (NPQLBC) and NPQ for Leading Teaching (NPQLT), designed for teachers who want to broaden and deepen their expertise in specialist areas within educational settings.

Designed in partnership with schools and expert organisations

The National Professional Qualification for Leading Teacher Development (NPQLTD) is designed for teachers who have, or aspire to have, responsibilities for leading the development of other teachers in their school. They may have responsibilities for the development of all teachers across a school or specifically trainees or teachers who are early in their career.

Individuals working in this type of role face multiple challenges and may indirectly manage a team of mentors or coaches, as well as supporting initial teacher training, early career teachers as well as the wider professional development of colleagues within a school.

They need to have expertise across several specialist areas and have a thorough understanding of the pupils and colleagues they work with, all while maintaining the highest professional conduct as set out in the Teachers' Standards, to ensure staff and pupils can thrive.

The course curriculum ensures individuals can respond to challenges they may encounter in their role, and provides a network, common language, and access to continuous debate to ensure educational growth and development. This Programme is brand-new and designed in partnership with schools and expert organisations, ensuring all content is up to date and relevant to help participants face the challenges and ambitions of school leaders today.

This Programme is for	Teachers who have, or aspire to have, responsibilities for leading the development of other teachers.
Duration	12 months*
Hours of study	55
Accreditation	NPQLTD
Cost	£835 (Scholarship criteria to be confirmed) <i>(discounts available where applicable)</i>

* plus 3 months for Summative Assessment process

All our Specialist qualifications use a common methodology to develop and nurture your existing expertise and capabilities.

Each of our NPQ Programmes includes:

- **An introduction and diagnostic assessment** to scaffold and frame your learning, identify gaps in your knowledge and direct you to the areas that are most relevant to you.
- **Tutor support sessions, led by a Local Lead Trainer** which will provide you with opportunities to bring your learning into context and collaborate and network with peers.
- **Lots of online evidence and examples** to introduce you to key ideas and demonstrate how you could implement these concepts.
- **A micro implementation task** to reinforce the overall approach to managing improvement and prepare you for the summative assessment.
- **Face-to-face and live online training** where together with your peers you'll learn through expert-led dialogue, collaborative activities, and structured practice of new techniques.
- **A formative assessment activity** to check your understanding and confidence, signpost you towards further learning and provide feedback that's individual to you.

The course curriculum ensures individuals can respond to challenges they may encounter in their role, and provides a network, common language, and access to continuous debate to ensure educational growth and development.

Leading improvement in teacher development

All our NPQs begin with an introduction to our approach to capacity development and managing improvement through implementation. This approach is then embedded throughout the duration of the Programme.

You will work through the three layers of influence, developing mastery of relevant expertise, developing the knowledge and tools to develop others, and extend your influence across a school, department, or Trust.

SPECIALIST	Leading improvement	Underpinning principles	Developing others	Furthering your specialism	Embedding in practice
Leading Teacher Development	1 Leading improvement	2 Principles of effective teaching	3 Designing effective professional development	4 Teaching and adapting	5 Evaluation and continuous improvement

Why choose Education Development Trust?

When you join us, you will be working with a consortium of organisations who bring significant knowledge, expertise, and experience with them. Education Development Trust is an international charity with a deep commitment to our mission of transforming life chances by improving education.
