## APRIL/MAY NEWS

Welcome back after the Easter break to the latest addition of our Teaching School Hub newsletter, we do hope you have been able to connect with us in some way over the previous academic terms.

As identified in the flyer above, the Teaching School Hub is proud to offer a range of professional development services at little or no cost due to its scale and DfE funding. It offers a range of services available to all schools across Lincolnshire and is not selective or alliance based.

The DfE have outlined the future of Hubs in the White Paper stating that they have 'established a national network of Teaching School Hubs, local centres of excellence in teacher development, to ensure that the benefits of these reforms deliver for teachers and pupils right across England.'

If you have missed the impact of the Teaching School Hub so far, please take the time to watch this short video:
